

## Flying and your Eye Sight

Join us this month with Dr. John Derickson. Dr. Derickson will be discussing vision issues in aviation to include depth perception, color perception, night and peripheral vision. We will discuss a couple of accidents that resulted from visual issues. There will be test on hand that we will perform on any volunteers interested to determine their eye sight status. Dr. Derickson will also discuss options for correction, including various types of glasses, contacts and surgeries.

**Directions:** Jacksonville Airport Authority Craig airport board room located at the base of the control tower. If flying in please park at Sky Harbor.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
